

## Differential Equations and Control Theory Świnoujście, September 27th-30th, 2017

Dear colleague, it is our pleasure to present you the first announcement of the 2nd International Conference "Differential Equations and Control Theory". It is an annual conference organized by Faculty of Mathematics and Physics, University of Szczecin. It will take place in Świnoujście, Poland, 27 - 30 September 2017. The event is partially financially supported by University of Szczecin and by Polish Ministry of Science and Higher Education (Science Disseminating Programme). The conference aims to promote applications of differential equation and contemporary methods of control theory.

Confirmed invited speakers:

Martin Gugat (Friedrich-Alexander-University of Erlangen-Nürnberg, Germany)

Bronisław Jakubczyk (Institute of Mathematics of the Polish Academy of Sciences, Poland)

Jerzy Klamka (Silesian University of Technology, Poland)

Józef Korbicz (University of Zielona Góra, Poland)

Valery Korobov (V. N. Karazin Kharkiv National University, Ukraine)

Rabah Rabah (Institut de Recherche en Communications et Cybérnetique de Nantes, France)

Grigory Sklyar (University of Szczecin, Poland)

IMPORTANT DATES:

Friday, 30 June 2017 – Registration deadline,

Monday, 4 September 2017 – Short abstract submission deadline.

Further details will be sent in the forthcoming message.

Looking forward to see you in Świnoujście!

On behalf of the organizing committee,  
Piotr Polak
